PsychArmor

## ABC's of Respite: Caregiver Support

PsychArmor® is a 501(c)(3) nonprofit that offers critical resources to Americans so they can effectively engage with and support military service members, Veterans, and their families.

Because fewer than 7% of Americans serve or have served in uniform, most civilians are unfamiliar with military culture. As a result, members of the military and Veteran community often feel misunderstood and reluctant to seek support. Our mission is to bridge that civilian-military gap by educating a nation.

At PsychArmor, we provide online training videos delivered by national subject matter experts who are fiercely committed to educating the civilian community about military culture – at no cost to the learner. Additionally, our Support Center provides follow-up coaching to reinforce the knowledge conveyed in our courses.

# LTC ombudsman

## [Ombudsman - English Version](#)

Long-term care ombudsmen are advocates for residents of nursing homes, board and care homes and assisted living facilities. Ombudsmen provide information about how to find a facility and what to do to get quality care. They are trained to resolve problems. If you want, the ombudsman can assist you with complaints. However, unless you give the ombudsman permission to share your concerns, these matters are kept confidential. Under the federal Older Americans Act, every state is required to have an Ombudsman Program that addresses complaints and advocates for improvements in the long-term care system.

[NHPCO: Advanced Care Planning - English Version](#)

[NHPCO: Advanced Care Planning - Spanish Version](#)

Advance care planning is making decisions about the healthcare you would want to receive if you happen to become unable to speak for yourself. Advance care planning includes: getting information on the types of life-sustaining treatments that are available, and completing advance directives to put into writing what types of treatment you would or would not want.

## National Institute on Aging

[Advanced Care Directives - English Version](#)

[Advanced Care Directives - Spanish Version](#)

Advanced care planning involves learning about the types of decisions that might need to be made, considering those decisions ahead of time, and then letting others know—both your family and your healthcare providers—about your preferences. These preferences are often put into an advance directive, a legal document that goes into effect only if you are incapacitated and unable to speak for yourself.

## National POLST Paradigm

202-780-8352

[National POLST.org - English Version](#)

POLST forms are portable medical orders or medical orders that travel with the patient (your state may call it something other than POLST). All adults should have an advance directive to help identify a surrogate decision maker and provide information about what treatments they want for an unknown medical emergency. A POLST form is for when you become seriously ill or frail and toward the end of life. A POLST form gives medical orders to emergency personnel based on your current medical situation. POLST forms and advance directives are both advance care plans but they are not the same.
